DETAILED ACTION

1. Claims 1-34 are pending.

Drawings

2. This application has been filed with informal drawings including handwritten drawings which are acceptable for examination purposes only. Formal drawings are required.

Allowable Subject Matter

3. Claims 1-34 are allowed.

The following is an examiner's statement of reasons for allowance:

4. The cited prior art, Murphy, Barton, and Safai teach methods of authenticating digital images. The cited prior art fails to teach or suggest the feature of a composite data array with an embedded encoded data array that includes date/time information, location information, and sensor information where comparing means is able to separately determine whether said data/time information, location information, and said sensor ID information is embedded in the composite data array and wherein the comparing means makes the determination without extracting or otherwise decoding the
